

## HECK FORGER IS GIVEN A CHANCE

da A. Salyer, 16, Who Admits  
Passing of Worthless Paper Here  
Under Suspended Sentence

## BEFORE JUDGE SPARKS TODAY

Tested Saturday Night When He  
Attempts to Pass Bad Check  
at Poe's Jewelry Store

Elda Ardell Salyer, 16 years old, was arrested Saturday night in the William B. Poe and Son jewelry store after he had made a purchase of a ring, and then presented a \$2.00 check in payment for it, the check bearing the same names as the ones passed on local merchants last week.

The youth was placed in jail Saturday night and this morning at nine o'clock was arraigned in circuit court before Judge Sparks on an affidavit signed by Washington Allen, one of the victims. When arraigned this morning, he entered a plea of guilty and his sentence was withheld during good behavior.

With the arrest of the boy, merchants are glad to know that the adulterant check writer has been apprehended, as much annoyance has been caused in recent weeks because of the bogus checks that have circulated here.

The young man entered the Poe jewelry store about nine o'clock Saturday night and bought a \$4.00 ring, tendering the \$12.00 check as payment. Jesse Poe recognized the check as being identical to that one he had given him by Washington Allen a few days before, after it had been passed on the Kennard jewelry store.

Mr. Poe, instead of obtaining the change from the cash register, selected his revolver. At that moment, saw Charles Newkirk, an employee at the Rushville National Bank, which bank the checks were drawn upon, and called him in. Mr. Newkirk told Mr. Poe that it was a forgery.

Mr. Poe then handed the revolver to Mr. Newkirk and told him to hold the boy, while the police were summoned. The front door was locked and Mr. Poe went in search of the police, returning with Policeman Salyer, who placed Salyer in jail.

The checks were signed by George E. Wilson, unknown to the local bank, and made payable to Frank C. Brown. The check given by Mr. Poe was the same in every respect as the one given Mr. Allen, except Mr. Poe's check was unsigned.

Salyer refused to talk Saturday night when he was placed in jail, though he had broken down and died while being taken to jail.

When searched the ring purchased at Kennard's store was found and a \$15.50 watch brought a few weeks ago at Abercrombie's was also found in his possession.

Prosecutor Stevens stated this morning that eight merchants had cashed the checks for him, and it might be probable that others had cashed checks which were not reported.

The young man was accompanied by his father, who is employed on the Paul Darbousch farm, east of here. He was allowed his freedom and was warned that any future trouble would cause him to be sentenced to Plainfield.

## MOTHER'S DEATH A SHOCK

Word has been received by the Rev. and Mrs. C. S. Black, of the sudden death of Mrs. Black's mother, Mrs. Henry G. Moyer of Perkasie, Pennsylvania, which occurred last evening. The announcement of the death was a shock to relatives and friends in this city. Mr. and Mrs. Black and family will leave this evening for Perkasie to attend the funeral, which probably will be on Thursday.

## TEN PASTORS FROM COUNTY TO ATTEND

Accept Invitations to be Present at  
Interchurch World Movement  
Conference in Indianapolis

## FIRST THREE DAYS IN MARCH

Purpose is to Discuss Task of  
Protestant Churches For Aggres-  
sive Missionary Work

Rush county will be represented at the Interchurch World Movement conference which will be held at Tomlinson hall in Indianapolis, Mar. 1, 2 and 3. According to the can-  
celling as being identical to that one  
owed him by Washington Allen a  
few days before, after it had been  
passed on the Kennard jewelry  
store.

Mr. Poe, instead of obtaining the  
change from the cash register, selected  
his revolver. At that moment, saw  
Charles Newkirk, an employee at the  
Rushville National Bank, which bank  
the checks were drawn upon, and called  
him in. Mr. Newkirk told Mr. Poe that it  
was a forgery.

Mr. Poe then handed the revolver to  
Mr. Newkirk and told him to hold the  
boy, while the police were summoned.

The front door was locked and Mr. Poe  
went in search of the police, returning with  
Policeman Salyer in jail.

The checks were signed by George E. Wilson, unknown to the local bank, and made payable to Frank C. Brown. The check given by Mr. Poe was the same in every respect as the one given Mr. Allen, except Mr. Poe's check was unsigned.

The general purpose of the conference is to discuss the whole task of the Protestant Christian churches in America for aggressive missionary and benevolent activities in all the world. The needs of the world, as brought out by the foreign and home mission surveys made by the Interchurch World Movement, during the last year and the program which has grown out of the survey will be considered. Charts, maps and stereopticon slides will be used in presenting the facts obtained from the denominational and general subjects.

In order that the subjects might be presented in the most effective

## DISTRICT PRESIDENTS GATHER HERE TODAY

Presidents of eight county farmers' associations of this district met here today to discuss subjects to be placed before the board of directors of the State Federation of Farmers associations at its meeting.

Fred Bell of this county, is secretary of the district of which eight counties are members, and he is also secretary of the state live stock sanitary board, and most likely the subject for discussion this afternoon would be concerning matters of the live stock board.

The entire district of eight counties were represented here, some of them arriving this morning, and some at noon. The session this afternoon was held in the assembly room of the court house. A few weeks ago they met here and discussed the stock yard situation in Indianapolis.

## Memorial Diploma Tribute By France To Soldier Dead

The design on the French Memorial Diploma, to be presented to the next of kin of the Rush county men who died in the war, which is shown above, is a reproduction of a piece of sculpture on one side of the French Arch of Triumph in Paris. It was designed by Etex, a French sculptor, who made two of the four groups on the arch, one on each side. The one shown in the picture is on the Champs-Elysees side of the arch and the subject is "Peace." The Arch of Triumph is 160 feet high, 143 feet wide, and 72 feet deep.

Engraved on the diploma in French is the signature of President Poincaré of France and "to the memory of" of the United States of America, who died for liberty during the great war the homage of France." The inscription at the top is from a poem by Victor Hugo and translated reads:

"The people should come to pray at the graves of those who died for their country."

## IGNORANCE, MALICE MISREPRESENT BILL

Senator Cummins Urges Passage of  
Railroad Measure, Already Ac-  
cepted by the House

## WILSON ATTITUDE UNKNOWN

(By United Press.)  
Washington, Feb. 23.—Ignorance and malice have misrepresented the purpose and proposition of the Esch-Cummins railroad bill, Senator Cummins told the senate in urging it to pass the measure, on which the house took final action Saturday.

Cummins replied to a criticism of the clause of the bill which guarantees the roads a 51 percent return on their investment and declared he could not understand the assault against the labor section of the measure.

Both of these clauses of the bill have been under fire by railroad brotherhoods and other labor unions who are planning to carry the fight on the bill to "President Wilson."

The union men expect to ask the president to veto the bill and go ahead with formation of a tribunal to settle the present wage dispute irrespective of congressional action.

The president, according to White House officials, today also drawing up a communication to the union men in reply to their suggestion for an independent wage tribunal, which they first made to him ten days ago. Whether he will agree to such a tribunal or insist the union men go ahead jointly and abide by the Esch-Cummins bill was not indicated.

The fire department was called about five o'clock Saturday afternoon to a building at the rear of the I. & C. traction station, used as a work shop for the linemen. Some gasoline had boiled over and set fire to the building. The blaze was quickly extinguished by the use of chemicals.

## CLASS ADOPTION THURSDAY

Forester's Team is Called for Practice Tuesday Evening

All members of the forester's team of the Modern Woodmen and all former members are urged to meet at the Modern Woodmen hall Tuesday night, at 7:30 o'clock, to practice for the class adoption Thursday night. State Deputy Head Consul George E. Hopkins, of Indianapolis, will be here Thursday night, and the officers and members would like for the team to appear at its best. A little effort on the part of every member will turn the trick, it is declared, and a good attendance for practice is urged.

## SELF DENIAL WEEK FEB. 28 TO MARCH 5

Local Branch of The Salvation Army Will Obtain Funds For  
Missionary Work

## WILL NOT SOLICIT MONEY

Plan is to Place Box on the Court  
House Lawn For Collection  
of Contributions

The local branch of the Salvation Army will hold Self Denial Week, in this city, February 28 to March 5. The money raised during this week will be used exclusively for foreign missions and was not included in the home service drive, but business men of the city will not be asked to contribute to this fund and no solicitation will be made.

Permission will be asked of the city officials to place a large box on the court house lawn, so that farmers or any one who has any old rubbers, rubber tires or any articles of rubber, that they do not want, may deposit it in the box and aid the Salvation Army foreign mission work.

The Salvation Army operates in sixty-five countries and colonies and salvation is preached in fifty different languages. At no hour of the day does the sun set on the Salvation Army work. Meetings are held in some countries every hour during the twenty-four hours.

The last place to be opened for this work was in China and in Peking, China, now there is a large corps of Army workers who are training their own countrymen to become officers and helpers in this work.

In India the Salvation Army has trained 1,000 natives. There are now many native officers there who are doing great work in teaching their own countrymen of salvation.

The target set for the local branch is \$85, which is a small sum and should be raised without any difficulty on the part of the local officers in charge, it is believed.

## CASE SET FOR TRIAL TODAY COMPROMISED

The case which was to have been tried this morning in circuit court was compromised, and will not have to come to trial. It was the case of Lessore against Willis, a matter involving real estate.

Alfred C. Pearsey has filed a suit for divorce against Elizabeth M. Pearsey, alleging that they were married January 17, 1919 and separated February 21, 1920. The complaint states that Mrs. Pearsey called him "an old, white headed cuss and on one occasion threw a smoothing iron at him."

The plaintiff is 78 years old, and stated that he is a veteran of the civil war. Mrs. Pearsey was formerly Mrs. Elizabeth Harley and is 51 years old. The complaint states further that she often left the plaintiff for days at a time, visiting houses of questionable character.

## TRIBUTE PAID TO RUSH COUNTY DEAD

Impressive Ceremony is Held Sunday to Honor Memory of Gold Star Men

## AMERICAN SOLDIER PRAISED

G. A. R. Veteran Says His Bravery  
Has Never Been Exceeded—  
Debt Country Owes Him

With a most impressive and appropriate ceremony, memorial services for Rush county's honored dead in the world war, which were arranged for France to pay tribute to those who made the supreme sacrifice, were conducted at the First Presbyterian church Sunday afternoon under the auspices of Rush post No. 150 of the American Legion. The main auditorium and the Sunday school room were filled with people for the service.

The principal address was delivered by the Rev. Daniel Ryan, pastor of the Fletcher M. E. church of Carthage, who served during the civil war and formerly was national chaplain of the G. A. R. He spoke on the subject, "The American Soldier," touching on the valor of Americans in all wars in which this country has been engaged, and making an earnest plea for support of the American Legion by all people.

The program opened with an organ solo by Miss Olive Buell, followed by a French composition by the Main Street Christian church orchestra. The scripture reading was by Captain J. A. Tench of the Salvation Army and the Rev. Clyde S. Black of the St. Paul's M. E. church delivered a prayer. The orchestra played a medley of patriotic airs and Miss Lavina Compton read Edwin Markham's poem, "France in Battle Flame." After the main address, Perry O'neal, commander of the local post, read the honor roll, and when each name was called, C. W. Gottman, secretary of the post, answered "Absent." The program was closed with the singing of "Marsellaise" by Miss Mabel Cornwall, supervisor of music in the public schools, the singing of "The Star Spangled Banner," by the audience and the benediction by the Rev. Father Schaub of St. Mary's church.

The Rev. Mr. Ryan called attention to the enormous sacrifice Americans made in the late war by pointing out the number killed in France, 34,349, was 15,000 greater than the Americans killed in the revolutionary war, the war of 1812 and the Mexican and Spanish-American wars.

"Are they worthy the honor we are conferring on them?" asked the speaker as he referred to the price America paid—over 34,000 killed in action, over 77,000 dead of disease, and over 221,000 dead of wounds, making the total casualties 332,426.

"One hundred and eighty-eight years ago George Washington was born and I believe he was called as much to the work as God called Moses," declared the Rev. Mr. Ryan. "Frederick the Great called him the greatest general in the world. He underwent untold hardships and privations that we might enjoy the peace and liberty which we do today."

The Rev. Mr. Ryan spoke of other soldier presidents, resulting that Jackson, Pierce and McKinley were all common soldiers and later elected to higher ranks.

"The private soldier," exclaimed the speaker, in a eulogy of the doughboy, "has his bravery ever been exceeded." Not one private deserted the flag during the civil war, may it be said to his credit, though some officers did go over to the other side. The common soldier was always loyal to Lincoln and remained with him to the finish.

Touching on the pension question, the Rev. Mr. Ryan questioned the judgment of the government in paying out five billion dollars in pensions and seven billion to bondholders following the civil war.

"I am not criticizing the government," he said, "but its contracts, the less it paid, the less it paid the bondholders. The bondholders have been compensated on Page 8."

## LOCAL BREEDERS HAVE ORGANIZED

Poland China Raisers of Rush County Perfect Organization For Betterment of Hogs

ADDRESSED BY J. W. SCHWAB

The Poland China breeders of Rush county met last Friday in the assembly room of the courthouse and organized for the advancement of their breed of hogs.

They were addressed by J. W. Schwab of the state extension department who explained the value of co-operative effort. He defined co-operation as conducting oneself in such a manner that others may work with him.

Mr. Schwab emphasized the fact that by working together the breeders find it easier to find a market for their hogs and that each man can aid his neighbor in improving his hogs as well as in marketing. He suggested the idea of keeping the secretary instructed on the stock for sale. The secretary will answer correspondence and refer prospective buyers to the breeders who can supply the prospective buyer's needs.

Mr. Schwab stated that he has many calls for car loads of breeding stock and where there is an organization he can refer the order to the secretary who has his hands on enough material to supply the order.

The organization was perfected with Link Jinks, president; Floyd Williams, vice-president; and Glen Kirkham, secretary-treasurer. Charles Aiter, Ollie Cook, and Carroll Williams were appointed on the membership committee.

They set the annual dues at \$1.13 men joining. The next meeting is called for next Friday, Feb. 27 at 1:00 p. m. in the assembly room of

## Lumbago.— Rheumatism Caused by Uric Acid

Lansing, Ind.—"I suffered for nearly a year with sciatica. I was unable to work for two months in the spring and about three weeks in the fall. I took electric treatments and several different kinds of medicine but got no relief until a short time ago when I came in possession of a bottle of Dr. Pierce's Anuric (anti-uric-acid) Tablets, which I took in accordance with directions. One week after I started taking 'Anuric' I went back to work in a greatly improved condition, and today no matter what the weather is I have no pain from sciatica, so I will recommend the 'Anuric Tablets' to all who are suffering from rheumatism."—GLEN HINES, 204 Washington St.

Through failure of kidneys to act, through congestion, inflammation, any person's condition is ripe for disease to fasten its hold upon the system.

At Dr. Pierce's "Invalids" Hotel and Surgical Institute, Buffalo, N. Y., there has been tested for the past few years a new remedy for kidney, bladder, uric acid troubles, rheumatism, gout, and such ailments as follow, and in many cases, both acute and stubborn, have yielded to this wonderful remedy that Dr. Pierce decided to name it "Anuric" (anti-uric-acid) and arrange for its distribution to the public through medicine dealers everywhere. You will find it many times more active than lithia, dissolving uric acid as water does sugar.

Obtain a bottle of these tablets today from your druggist here in town. Simply ask for Anuric Tablets and notice the gratifying results.

## Pigs Get Worms Very Young

The time to commence feeding ACME WORM BOUNCER is from the time they are old enough to eat. Feed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than to let them get worms and then expel them.

#### Regulating the Packers

Probably one of the most important but least understood bills now before congress, excepting, of course the peace treaty, is the Kenyon-Kendrick measure for the regulation of the packing industry. In order that farmers especially may get a more comprehensive idea of what it proposes, a brief resume of its provisions are printed.

The packers are now subject to the Sherman act prohibiting monopolies and combinations or conspiracies in restraint of trade to the federal trade commission law prohibiting unfair methods of competition and to the Clayton act prohibiting discrimination, price fixing, acquisition of capital stocks of competitors, and interlocking directorships tending to lessen competition. Under the trade commission law they are also subject to investigation, and to regulation by orders of the commission with respect to unfair methods of competition. The revised Kenyon-Kendrick bill now pending without setting aside the general obligations imposed upon the packers by existing laws, singles out the packing industry, just as the interstate commerce law singled out the railroads, and subjects it to more definite governmental regulation and more effective administrative enforcement.

The principal duties imposed on the packers by the proposed legislation are:

(a) they are prohibited from engaging in unfair, unjustly discriminatory or deceptive practices in interstate commerce.

(b) they are prohibited from buying or selling livestock in such manner as to apportion the supply, unreasonably affect the price or create a monopoly in dealing in livestock.

(c) they are prohibited from dealing in foodstuffs other than livestock products where the result is to lessen competition;

(d) they are prohibited from apportioning territory or purchases or arranging or agreeing to control prices;

(e) they are prohibited from agreeing or arranging among themselves to prevent any other person

carrying on any business which competes with them.

(f) they are required within two years after the act becomes effective to dispose of their ownership of or interest in stockyards, unless this time is extended for good cause.

In addition to these specific duties, the proposed legislation subjects the packers to investigation by a livestock commission created by this measure, similar to the investigations which the trade commission now has power to make. At the same time they are taken out of the jurisdiction of the federal trade commission, though they would still be subject to the positive requirement of the trade commission act, which prohibits unfair methods of competition. They are required to keep records and make reports, and are made subject to investigation, examination, and inspection by the agents of the livestock commission in much the same manner as are the railroads under the interstate commerce laws.

One of the most important parts of the proposed bill is the provision for prosecution of the packers for violations of the obligations imposed upon them by the anti-trust laws and by the provisions of this law. The proposed livestock commission is given power to investigate the methods and practices of the packers and to make regulations and orders representing the commission's interpretation of the requirements of the law with respect to particular circumstances or conditions. The packers are obliged to conform to these regulations and orders of the commission, unless on appeal to the courts they are able to show that such regulation or orders are invalid. If upon such appeal, the commission's rules and orders are held valid, any violation by the packers after such ruling by the courts is made a criminal offense, punishable by fine or imprisonment.

#### THE CAR OF THE AMERICAN FAMILY

# Hupmobile

How fortunate it is for us that the men who founded this business, set out with the simple idea of trying to build the best car of its class in the world. That clear-cut determination has led us to adopt policies which are careful and conscientious, and manufacturing principles which are sound and substantial. The net result has been a most unusual and cordial relation between ourselves and our public—based on the confidence which people have learned to place in the Hupmobile and the company which builds it.

#### Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Grandfather Davis was curious to know why his grandson, aged six, was so intently watching him and so constantly hovering near. Little Judson never left the old man's side. Finally, Granddad said:

"Anything wrong with my face, Judson?"

"No, Grandpop."

"Anything funny looking about your granddaddy?"

"Oh, no, I was just listening."

"For what?"

"To hear you croak like a frog."

"Croak like a frog?"

"Yes, Papa said that when you croaked we'd get a lot of money. Do it."

The public school teacher who passes our door.

Why, an "up-to-date" suit is quite out of the question,

Her two-year-old hat must last two seasons more—

While shoes, hose and gloves she has mended and mended,

And she's always too brave her fate to deplore.

# Robert Grider Is Picture Of Health

Suffered Ten Years — Run Down From 240 Pounds to 135 — Friends Amazed.

"I don't care if everybody in Peoria was here to listen I'd tell them all the same thing about Tanlac that I'm going to tell you," said Robert Grider, while discussing the medicine with friends at the Sutliff & Case Drug Store in Peoria a few days ago.

Mr. Grider is business manager of Teamster's Union No. 627 of Peoria, and lives at 135 West Washington street, Peoria, Ill. His statement regarding the results he has obtained from Tanlac is so remarkable as to be almost incredible and realizing this he refers anyone who may doubt to his friends and neighbors for verification of the facts.

"Ten years ago," explained Mr. Grider, "my stomach got out of order and I started down hill. Nothing helped me and I kept going down until I finally became just a helpless wreck and weighed only one hundred and thirty-five pounds. Not being able to work any longer, and as everything had been done for me at home that could be, I set out for treatment elsewhere. I spent a long while in St. Louis under the best specialist I could find there. From there I went to Chicago and finally came back to Peoria the worst discouraged man you ever saw. By this time I was down in bed more than I was up and had to live mostly on milk as anything else bloated me up as tight as a drum and the gas from it affected my heart until I could scarcely breathe. There was a heavy feeling like lead in my stomach and such awful cramping pains that I could hardly stand it. I was having attacks of acute indigestion so bad at times I thought I was going to die. My circulation was so poor that I felt cold all the time and the color of blood couldn't be seen in my face. I had paid out over four thousand dollars, but in place of getting better I got worse until I reached the point where I had little hope of living much longer.

"Now this is just the condition I was in at the time I began taking Tanlac, but since then I have gotten rid of my trouble entirely and I now weigh two hundred and forty pounds. In a day or so after I started on Tanlac I commenced to want something to eat and it wasn't long until I could eat without it hurting me. I was almost dumbfounded when I could once more eat a meal without suffering from it, for it had been ten years since I could do such a thing. I have never been able to eat more or digest my food better than I can now and I am as well as I ever was in my life. I am as strong as an ox and my robust health by the use of Tanlac has cost me only twenty-four dollars. My friends look at my broad shoulders in utter amazement. I am not only willing to go before any notary in this town and swear to the truth of my statement, but I could bring at least a hundred of my neighbors here, who will tell you what an awful fix I was in before I took Tanlac. All the praise, thanks and gratitude for my wonderful recovery belong to Tanlac and I would be ungrateful not to pass the good word along."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow; and Arlington by Mrs. L. T. Davis. — (Adv.)

## FIRST DIVISION MEDICINE

### Lt. Correll and Three Others Come to Recruit For Service

First Lieutenant Correll and three men of the first division, stationed at Camp Taylor, Ky., arrived Saturday afternoon, and will be at the postoffice for a few days this week to recruit men for all branches of the service. They are more particularly interested in the first division, however, and will attempt to persuade prospective recruits to join their division.

A recruiting station was opened at the postoffice last week by Sergt. Walter and Corp. Collins, who were sent here from the Newcastle station to remain about a month.

### Amusements

#### Evelyn Nesbit at the Princess

White slavers have many ways of decoying innocent young girls into their power. A favorite method is to watch at railway stations for unescorted girl travelers. The white slaver, man or woman, may pose as a messenger who has been sent to meet the girl, or many pretend to befriend her if she be confused—thus winning her confidence. After the opening move it is an easy matter to whisk the unsuspecting victim into a motor car and drive to a house of ill-fame.

Such is the dreadful experience of Evelyn Nesbit in "My Little Sister," William Fox photoplay which will be seen today at the Princess Theatre. The picture is based on the famous novel, "My Little Sister," by Elizabeth Robins.

A Burton Holmes travel picture will also be on the program tonight. Tomorrow the Nazimova picture, "Out of the Fog" will be the feature attraction. This picture comes highly reputed to be one of the best masterpieces this famous actress has made.

#### Burlesque at The Mystic

Rosa was the wickedest little Vamp in all Central America. She said so herself and started out to prove it.

Rosa had movements "Bare-a-Theda" never dreamed of. She had more wiggles and contortions in her sinuous body than a cobra, and when she squirmed up to her prey and got her shoulder movement going-strong and "them glittering cosmetic-lidder optics" hypnotizing him the stuff was all off. You had to hand it to Rosa. She was the most "Wicious Vamp that ever Wiggled."

Generalissimo Mendez capitulated without a struggle. Minister of Finance Dimero handed over the funds of state, fat little Secretary of State Cascaro fell hardest of all and swallowed at her feet.

## Is 93 But He Walks 2 Miles Without Rest

### This Man Who Indorses Vola-Tonic Knew Cincinnati as a Village

When James Dryer, 425 Clinton street, Cincinnati, O., gave a statement about Vola-Tonic for publication recently the entire city of Cincinnati was interested.

Mr. Dryer, who is 93 years old, moved to Cincinnati in 1835 and knew that city as a village of about 2,000. He probably is one of the oldest residents of the city now living and everybody was interested in what he had to say about Vola-Tonic.

Saying that Vola-Tonic had made him feel years younger, Mr. Dryer went on to explain his case fully.

"Unfortunately, I had influenza last winter and have not been strong since," Mr. Dryer said. "My vitality was low due to my age and the influenza further weakened me. I couldn't sleep well and was very nervous at times."

"Vola-Tonic has built up my system all over, and has made me feel years younger. I can walk two miles to the city library and back without any rest."

"I think Vola-Tonic is excellent for elderly people and for anybody else who needs more strength."

True's wisdom in the words of a 105-year-old man. Years before most of us were born, James Dryer was studying conditions and accumulating knowledge. You can have faith and confidence in what he says. And he says, "Vola-Tonic is excellent for anybody needing more strength." You are weak and run down get Vola-Tonic TODAY!

Vola-Tonic "Builder of Strength," is being sincerely introduced in Rushville at Frank E. Wilson's, 1411 Main.

**TRIBUTE PAID TO RUSH COUNTY DEAD**

Continued from Page One received, for it was through their heroism and sacrifice that the bonds were worth anything. They saved the nation when monarchies of Europe were anxious to see a republic fail.

The speaker admonished the soldiers of the late war to see that men elected to office are their friends, calling attention to the influence the G. A. R. had after its organization.

"No flag will be tolerated in this country except the Stars and Stripes," continued Rev. Mr. Ryan, in paying a tribute to the new organization of soldiers. "The American Legion spells doom to the red flag of anarchy because it stands for 100 percent Americanism. I hope for this organization the very best things. When you criticize a soldier, think of the honor you owe him. Think of the times he was on the battle front, offering his life every minute, while you were safe at home. Think of the way the soldier sacrificed and toiled to make this country safe while you were at home reaping the benefits of the war price-

es for your farm products and the other things you sold."

Only eight memorial diplomas issued by France have been received here, but one will be issued for the relatives of each of the twenty-one on the honor roll and will be distributed by the local Legion post.

## YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely rids from your blood the Catarrh germs, for which it is a perfect antidote.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, Swift Specific Co., Atlanta, Ga.

## MARKS ADVANCE IN SPECIAL SERVICES

Sunday Meetings at the First Presbyterian Church Are Attended by Large Crowds

### BIBLE SCHOOL SETS RECORD

Yesterday marked a distinct advance in the evangelistic services at the First Presbyterian church. The Bible school reported the largest attendance for the new year. The morning service attendance was very encouraging, and after a straightforward message on "Following Christ" many members of the church pledged themselves by uplifted hand to renewed fidelity. The evening sermon was on, "What It Costs Not To Be a Christian," the thought being stressed that generally people considered what it cost to be, rather than what it cost NOT to be a Christian. Among the things emphasized as representing the cost of a Christless life were, peace of mind and heart, a knowledge of God's love, a sense of divine companionship, true manhood and womanhood, and the Christian's hope. While it costs everything that stands between a man and his God to be a Christian, it costs everything that really satisfies, makes for true character and lasts, NOT to be one. People were urged to strike a balance and act accordingly.

The singing throughout the day, under the leadership of the Georges assisted by a large chorus, was a strong feature of the services, and will continue to be. The attendance at night was unusually good.

The message this evening will be on "The Unavoidable Christ." Wednesday will be "Young People's Night."

### MILROY PLAYS TONIGHT

A big basketball game will be staged tonight when Milroy comes here for a game with the Rushville high school. This game will be played tonight, after several postponements

### HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

## The New Silks First

A Silk For Every Occasion, And a Silk For Every Day.

The prettiest dresses are made of Silks—the handsomest suits are lined with Silks—the most exquisite undergarments are delicately fashioned in Silks, and the smartest accessories of dress are Silken Concerts. For this reason, great is the name of Silk.

—We mention a few of the most popular for Spring and Summer.

—The kinds are noteworthy.

### FLOWERED TAFFETA

One of the newest and prettiest of silks for Spring is the flowered taffeta which comes in many shades and patterns. Strictly new this season.

### TRICOLETTTE

A truly beautiful material. It has the faculty of lending gracefulness to the figure and adds to the loveliness of any wardrobe. Shown in brown and navy.

### PLAIN TAFFETA

We have them in exceptionally good shades which are the desired shades of the season. Nothing better than taffeta for the coming season.

### BEAUTIFUL VOILES AND GINGHAM

In large and varied collections we are showing beautiful Figured Voiles and dainty Silk Tissue Ginghams. Many of the voiles are mistaken for figured georgette, so marked is the resemblance. Our patterns in tissue ginghams with the silk stripe are pleasing to the eye.

### THE MAUZY COMPANY

and previous delays. The two teams are about evenly matched and a fight will be expected from start to finish.

Earlier in the season Rushville defeated Milroy here by a close score, and now Milroy is coming for revenge. The winner tonight will no doubt be the winner here Saturday and probably in the district meeting here the following week. Fairview and Morristown will play the preliminary game, and much rivalry exists between these schools. This game will begin at 7:30, and the Milroy-Rushville game at 9:00.

### TEN PASTORS FROM COUNTY TO ATTEND

Continued from Page One manner, the team of speakers received special training conference held in New York City, February 10, where they received final instructions and the details for the future plans of the Interchurch World Movement.

The following denominations in Indianapolis have arranged to provide lodgings for the ministers of their denominations: Presbyterian, Reformed Church in the U. S., Baptist, Disciples, Friends, Evangelical Association, United Brethren, Congregational, Methodist, Episcopal, Reform and Evangelical Synod.
